The objective of RALGA is to assist local Government entities in achieving their mission, complying with principles of good governance and decentralization.

Since its establishment, RALGA has been making remarkable progress in developing a framework for good service delivery to its members, in respect with the principles of good management of resources and in line with existing rules and regulations in its operations. That is why it has been a culture that an audit is conducted every 6 months by an independent audit firm on the utilization of resources in compliance with the above-mentioned principles and rules and regulations.
