3. Objectives

This Expression of Interest aims to:

- Identify qualified manufacturers with the technical and operational capacity to supply the required products.
- Assess product availability, regulatory status, quality assurance, production capacity, lead times, and after-sales support.
- Develop a shortlist of eligible applicants for a subsequent competitive procurement process or other procurement method permitted under applicable procedures.

4. Eligibility Criteria

Interested manufacturers must provide:

- A signed letter of expression of interest stating the line item(s) offered.
- A certificate of incorporation or business registration, together with evidence of authorization to manufacture, supply, or export the offered products.
- Product catalogues, instructions for use, and detailed technical data sheets demonstrating compliance with the specifications.
- Valid quality-management and product conformity documentation, as applicable, including ISO certificate/GMP and evidence of approval or registration by the relevant regulatory authority.
- Information on shelf life, storage conditions, packaging configuration, delivery lead time, and available technical support.

5. Submission Instructions
