#### 1. BACKGROUND

## 1.1.Context and background

#### 1.1. Context and background

Heifer International Rwanda (HIR) is a Nonprofit and International Non-governmental Organization with the mission to alleviate hunger and poverty, while caring for the environment through sustainable agricultural practices. In collaboration with the Government of Rwanda and other relevant partners, this project has now grown to cover the whole country to become the flagship program known as "one cow per poor family".

Heifer International Rwanda projects focus on improving income and nutritional status, mobilizing farmers, and promoting local capacity through training of project participants, promoting market linkages for dairy value chain actors, improving the quality of livestock through artificial insemination services, empowering rural women, building resilience through sustainable agricultural practices, and connecting local communities to business development services.

Heifer International Rwanda is in partnership with the Government of Rwanda through the Ministry of Agriculture and Animal Resources for the implementation of the Rwanda Dairy Development Project (RDDP II). Under this partnership, Heifer International Rwanda would like to procure suitable bidders to supply and deliver start up drugs.
