

READY TO TAKE YOUR BUSINESS GLOBAL?

Let's Help You Export!

Are you a Rwandan youth-oriented business in agriculture, specialised in horticulture, dairy or meat production, poultry or livestock farming? Ready to expand internationally?

You could qualify for expert guidance and resources through the Vanguard Economics implemented Export Development Program (EDP).

Whether you're already exporting or ready to start, apply now and take your business to new heights!

Wondering if you're a youth-oriented business?

Your business qualifies as a youth-oriented business if at least 30% of your team is under the age of 35, and (or) your business is registered in Rwanda and primarily led, owned, or managed by people under the age of 35.

Not there yet? No problem! If you're committed to transforming your business into a youth-oriented firm, you're still eligible to apply.

APPLY HERE!

This EDP is implemented by Vanguard Economics, and is a program of TradeMark Africa's work on the Value-added Initiative to Boost Employment (VIBE), a collaboration with the International Trade Center (ITC), Rwanda Development Board (RDB), and Mastercard Foundation. The VIBE Programme aims to increase dignified employment in Rwanda, particularly among women, youth, refugees, and persons with disabilities.
